The reason: We have been informed that some browsers keep showing older versions of the conference's program even though a newer version with the same filename is available on the website. Therefore we have had to re-name the program. We are sorry for this inconvenience!

Du finder det opdaterede program for 7PHN Bæredygtige Byer og Bygninger her:

Årsagen er, at nogle browsere åbenbart bliver ved at vise ældre versioner af programmet, selv om den nyeste version ligger på hjemmesiden med samme filnavn. Derfor har vi været nød til at ændre filnavnet. Vi beklager!
